**AUTHORIZATION FOR OTHER PUBLIC SCHOOL AGENCIES
TO PURCHASE DIRECTLY FROM VENDOR
ACCORDING TO THE TERMS OF THIS CONTRACT**

Public Contract Code Sections 20118 and 20652 permit other school districts and community college district to authorize an awarding school district to lease data-processing equipment or purchase supplies, materials, equipment, and other personal property for the other school and community college districts under a contract entered into by the awarding school district. This process is commonly known as "piggybacking". The Kern High School District, which is the awarding district under this contract, is willing to make this option available to school and community college district for the items that are the subject of this contract, provided the vendor indicates its agreement at the time it submits its bid to the Kern High School District.

THIS FORM MUST BE RETURNED AS PART OF THE BID PACKAGE, WHETHER OR NOT THE VENDOR AGREES TO PARTICIPATE IN THE PIGGYBACKING PROVISIONS. If the vendor indicates its agreement to the piggybacking arrangement, the following conditions will apply:

1. Vendor will have the option to lease data-processing equipment (if the subject of its bid is leased data-processing equipment) or sell supplies, materials, equipment, and other personal property (if that is the subject of its bid) directly to any of the other school and community college district in California that submit order request (in the form of purchase orders or such other documentation as the vendor may require) directly to the vendor.
2. By this agreement, vendor is not required to accept all or any such order requests and may impose reasonable limits on the quantities it is willing to provide to other school and community college districts.
3. If vendor agrees to lease or sell items to other district on a piggybacking arrangement, vendor agrees that all terms and conditions of its agreement with the Kern High School District including, but not limited to, specifications, price, and quality will apply to items leased or sold to other district, and such terms including all guarantees and warranties, will extend directly to the leasing or purchasing district. Vendor acknowledges that the Kern High School District will not be a party to any such lease or sales agreements and will not serve as an intermediary or assume any responsibility with respect to such transactions.
4. Payment for items leased or sold to other districts will be the responsibility of such districts and will be made directly to vendor. To this end, the Kern High School District, the vendor, and other districts waive any obligation of those other districts under the applicable status to make payments directly to the Kern High School District.
5. The decision of the vendor to make its product available to other district under this piggybacking arrangement shall not alter or affect its obligation of full performance to the Kern High School District.
6. Although the Kern High School District intends, by this provision, to make the piggybacking process available to other districts, subject to vendor's approval, the Kern High School District makes no representation as to the ability of other districts to lease or purchase directly from the vendor without separate compliance with the competitive bidding statutes and vendor and all other districts participating in the process assume the responsibility to determine whether such compliance is excused by this provision and Public Contract Code Sections 20118 and 20652.

State Allocation Board DVBE Policy

Adopted August 26, 1992

Definitions

The term "Disabled Veteran Business Enterprise" (DVBE) means a business concern that is certified as a DVBE by the Office of Small Business and Disabled Veteran Business Enterprise Services.

The term "contract" means any agreement awarded by a school district in which all or part of the funding is provided by the State Allocation Board (SAB) under either the Lease-Purchase or State Relocatable Classroom Programs.

The term "bidder" means any person or persons, firm, partnership, corporation or combination thereof who makes an offer, competitive or noncompetitive, with the intent of forming a contract with one or more school districts on a SAB funded project.

Disabled Veterans Business Enterprise Goals

In addition to the school districts contracting requirements, potential contractors seeking to enter into contracts with school districts on a SAB funded project under the Lease-Purchase and State Relocatable Classroom Program for labor, services, materials, supplies, equipment, construction, alteration, repair or improvement shall be required to meet a three percent participation goal for certified DVBEs or demonstrate that a good faith effort was made to meet the goal by submitting documentation of all actions to comply with California Code of Regulations, Title 2, Division 2, Chapter 3, Subchapter 10.5, Section 1896.63.

In order for any sole proprietorship, partnership, corporation or other enterprises to obtain certification or to be counted toward meeting the DVBE contract goals, such business concern must possess current and valid certification as a DVBE through the Office of Small Business and Disabled Veteran Business Enterprise Services.

For contracts awarded by competitive bid, a bidder must demonstrate fulfillment of this requirement at or prior to the time of bid opening in order to qualify as a responsive bidder. For contracts not awarded by competitive bid, a potential contractor must demonstrate fulfillment of this requirement prior to entering into the contract.

The DVBE participation goal shall apply to all SAB funded school district contracts over \$10,000 in the Lease-Purchase and certain contracts over \$10,000 in the State Relocatable Classroom Program (architectural, on-site inspections and utility hookups).

Any bidder meeting the three percent participation goal for DVBEs is eligible for award of a school district contract. If a bidder is unable to meet the three percent participation goal, the bidder shall demonstrate a good faith effort by submitting documentation of all the following actions:

- Contact was made with the school district to identify DVBEs;
- Contact was made with other State and federal agencies and with local DVBE organizations to identify DVBEs;
- Advertising was published in trade papers and papers focusing on DVBEs, unless time limits

imposed by the awarding department do not permit that advertising;

- Invitations to bid were submitted to potential DVBE contractors; available DVBEs were considered.

The school district shall evaluate the effort made by the bidder to seek out and consider DVBEs as potential subcontractors, and/or material or equipment suppliers. In evaluating such effort, the school district shall consider documentation of the actions specified above. Based on this evaluation, the school district may make a finding that the three percent DVBE participation goal or the good faith effort requirement has been met. The school district finding in this regard is subject to audit by OPSC. A bidder is eligible for award of a school district contract upon a finding by the school district that a three percent DVBE participation goal or good faith effort to meet the participation goal has been achieved.

If a bidder fails to meet either the goal or a good faith effort to meet the three percent goal, such bidder shall be deemed not to be a responsive bidder for purposes of the school district's evaluation of an award of contract and is thus ineligible for an award.

Substitutions

If awarded the contract(s), the successful bidder must use the DVBE subcontractor and/or supplier proposed in the final bid unless the contractor requested a substitution from the school district prior to the execution of the contract and the school district has approved such substitution. At a minimum, the request must include:

1. A written explanation of the reason for the substitution,
2. The identity of the person or firm substituted, and
3. Satisfactory evidence that the DVBE contract participation certified in the original bid will still be met after the substitution.

The school district's approval or disapproval of the substitution is not to be construed as an excuse for noncompliance with any other provision of law including, but not limited to, the Subletting and Subcontracting Fair Practices Act or any other contract requirements relating to substitution of subcontractors.

Failure to adhere to at least the DVBE participation proposed by the successful bidder may be cause for contract termination and recovery of damages under the rights and remedies due the school district/State under the default section of the contract.

Role of Construction Management

School Districts

Some school districts choose to contract with a Construction Management firm (CM) to perform certain functions of a project. Subcontractors working on these projects will contract directly with the school district and are treated as prime contractors for purposes of the Disabled Veteran Business Enterprise (DVBE) requirements. Each contract must either meet the participation goals or the good faith effort criteria in order to be eligible for an award. School districts and/or CM firms may assist the bidders that

are seeking to comply with the DVBE requirements by developing a list of subcontractors/suppliers that could be solicited for participation. This list of interested subcontractors/suppliers would then be passed on to the plan holding contractors. The CM may assist in the coordination of forms required for submittal by the contractor/subcontractor/supplier.

The CM firm may use Parts I and II of the Prime Bidder Good Faith Effort Worksheet, to develop a list of interested subcontractors/suppliers.

Part I—Contacts (Not Applicable to These Bids)

The CM firm may make the required contacts listed in this part to obtain lists of subcontractors/suppliers that may be solicited to participate.

Part II—Advertisements (Not Applicable to These Bids)

The CM firm may advertise in trade and focus papers. The advertisement must comply with the requirements listed in this part of the form and include a list of the plan holding contractors that will be using subcontractors/suppliers.

The CM firm must provide all “plan holding” contractors with the documentation of the above process to include on their Prime Bidder Good Faith Effort Worksheet.

Part III—Solicitations

This part must be independently performed by each plan holding contractor. The requirements of this part would include inviting subcontractors/suppliers to bid, listing each DVBE contacted and indicating if the firm will be used or why it is not being used.

Bidders Most Frequently Asked Questions

Q. What programs administered by the State Allocation Board must comply with Disabled Veteran Business Enterprise provisions?

All contracts over \$10,000 in the Lease-Purchase Program, and certain contracts over \$10,000 in the State Relocatable Classroom Program, (architectural, on-site inspections and utility hookups).

Q. Where can I get SAB Disabled Veteran Business Enterprise Forms?

Contact the school district advertising for bid/proposals. They will provide you with the most recent forms.

Q. I am an inspector, I do not subcontract, how do I comply?

You must complete the Prime Bidder Certification Of Disabled Veteran Business Enterprise Participation form, and the Prime Bidder Good Faith Effort Worksheet form. A business enterprise without any opportunity for subcontracting or purchasing of supplies, must provide a narrative on Prime Bidder Good Faith Effort Worksheet form explaining this and be able to demonstrate its inability to subcontract or purchase supplies if an audit occurs.

Q. Must a Disabled Veteran Business Enterprise be certified in order to participate in a

contract?

Yes, Disabled Veteran Business Enterprises must be certified by the Office of Small Business and Disabled Veteran Business Enterprise Services.

- Q.** Is there a minimum number of days prior to bid opening that primary bidders are required to place their advertisements in a publication focused toward DVBE and a trade paper for purposes of the “Good Faith Effort”?

The SAB recommends bidders comply with the Good Faith Effort requirements by advertising at least 14 calendar days prior to bid opening.

- Q.** What if a bidder does not have 14 days to advertise for the purposes of completing a Good Faith Effort?

You must advertise for as many days as possible before the bid opening date. The only exception to this requirement is if time constraints imposed by the school district prohibit the bidder from advertising. All bidders must be notified of this exception.

- Q.** Where do I find a list of Disabled Veteran Business Enterprises and list of advertising sources?

The Office of Small Business and Disabled Veteran Business Enterprise Services is located on the Internet and publishes a list of certified Disabled Veteran Business Enterprises and the State Contracting Resources Packet. Their telephone number is 916.375.4940 or 916.322.5060. The Internet address is:

<http://www.pd.dgs.ca.gov/smbus>.

- Q.** I am a distributor or sales representative of XYZ. I pick up the telephone and place the order. There isn't any installation required or the installation is completed by factory trained personnel. The delivery is arranged by the manufacturer. How do I comply with the Disabled Veteran Business Enterprise requirements?

Transfer the burden of compliance to the manufacturer. Ask your manufacturer:

1. What opportunities do you have to subcontract (delivery, bookkeeping, etc.)?
2. What components of the product do you purchase (nuts, bolts, plastic, wood, cardboard boxes, pallets, etc.)?
3. Is equipment purchased to produce the product (safety glasses, hammer, nail gun, etc.)?
4. Are any of the items identified in questions 1 through 3 currently being provided by DVBEs? If yes, prorate the amount of their participation in the product(s) to be bid and include a copy of their DVBE letter from OSDC.
5. Use the Prime Bidder's Good Faith Effort Worksheet to increase your manufacturer's DVBE participation as follows:

Part I—Contacts

Make a contact in each of the three categories. Request DVBE contacts in the subcontracting or purchasing opportunities you have identified (see questions 1 through 3 above). If you have an out-of state manufacturer ask for contacts in your manufacturer's state.

Part II—Advertisements

Place your advertisements and list your manufacturer's subcontracting or purchasing opportunities. If you have an out-of-state manufacturer you may advertise in their state as long as all of the requirements listed on the Prime Bidder's Good Faith Effort Worksheet are met.

Part III—Solicitations

List DVBE subcontractors and/or suppliers that you or your manufacturer considered for participation in this bid (i.e., those you contacted from the lists provided by the contacts you make in Part I and those who responded to your advertisement in Part II). Indicate if the subcontractor/supplier was selected, a reason if not selected or check "No Response" (if applicable).
