Do not call Purchasing Division regarding Public Works Agency projects.

Scope of Work: This work is for the rehabilitation of the existing Well 32 located at Morrison Park and includes construction at the following three locations: Morrison Park; within the City street rights-of-way along Westwood Avenue, Memory Lane, and Bristol Street; and at the John Garthe Reservoir site.

At Morrison Park, the work includes: the demolition of the existing underground well vault, valves, piping and facilities; raising the well pump structure to grade, including associated well casing, column and appurtenances; new above ground well building with a pump and electrical room, including well pump/motor, well discharge and well to waste valves and piping; yard piping; site improvements, irrigation and landscaping improvements; and the Morrison Park improvements consisting of the repair and resurfacing of the basketball/ tennis courts, replacement of the tennis court fence enclosure, and replacement of the court lighting and corresponding electrical facilities. The well building will be constructed of CMU walls on a concrete pad with a flat roof (with a parapet) and will include the corresponding mechanical, electrical, instrumentation and control facilities.

Within City street rights-of-way, the 12-inch well discharge piping, with parallel fiber optic facilities, will be constructed from the well site at Morrison Park to the John Garthe Reservoir site. The alignment is approximately 3,700 LF and includes removal/replacement of an existing pipe within an existing bridge cell for approximately 100 LF. Supports, thrust restraints and attachments to the bridge as well as the necessary pipeline appurtenances, pavement replacement and necessary traffic control are a part of this scope of work.

At the John Garthe Reservoir site, the work includes construction of a chemical building/restroom facility and associated on-site piping, including pressure control and chemical injection vaults. The proposed chemical building will house the City's standard disinfection system (sodium hypochlorite generation equipment). The building will be constructed of CMU walls on a concrete pad with a gabled roof including the corresponding plumbing, mechanical, electrical, instrumentation and control facilities. In addition, electrical upgrades to the John Garthe Pump Station are a part of this scope of work at this site.

PROJECT NO.: 13-6433
WELL 32 REHABILITATION RE-BID

Pre-Bid Job Meeting: A pre-bid job walk will be held at Morrison Park, 2801 North Westwood Avenue on **December 20th, 2022 at 10:00 A.M.** All potential bidders, contractors and other interested parties are encouraged to attend the optional job walk.

Contractor's License Requirements: From the time of City Council contract award until work completion, the Contractor shall possess a valid California Class "A" Contractor's license. All sub-contractors shall be properly licensed for their respective trades.

Public Works Construction Permit: The Contractor will be required to obtain a Public Works Construction Permit (refer to Section 2-2a, Construction Permit, of these Special Provisions). The required deposit for this permit shall be as described in the Bid Proposal.

Bid Proposal Guaranty:

- A scanned copy of the Bid Proposal Guaranty shall be uploaded to PlanetBids along with project bid. Bid Proposal Guaranty shall be in the form of a cashier's or certified check payable to the City of Santa Ana, or Bid Bond issued by a corporate surety, in an amount not less than ten percent (10%) of the bid aggregate, as a guarantee that the Bidder will enter into the proposed contract if the same is awarded. The signature of the bidder on the bid bond must be notarized.
- In addition to electronic Bid submittals, Bidders shall deliver an *original* hard copy of the Bid Proposal Guaranty. For further instructions regarding *original* Bid Proposal Guaranty submittal, refer to PlanetBids.

Failure to provide required documents with Bid may cause the bid to be deemed non-responsive.

CALIFORNIA LABOR CODE

This project is subject to compliance monitoring and enforcement by the State of California Department of Industrial Relations, per Section 1771.4.a.1. BIDDERS are required to inform themselves fully of the conditions relating to construction and labor under which the work will be performed. Any contract entered into pursuant to this notice will incorporate the provisions of the California State Labor Code.

In accordance with the California State Labor Code, prevailing wage rates apply. Copies of the prevailing rate of per diem wages are on file with the Public Works Agency and shall be made available to any interested party on request.

PROJECT NO.: 13-6433
WELL 32 REHABILITATION RE-BID

A Contractor and any subcontractor must be registered with the Department of Industrial Relations prior to submitting a bid or otherwise have the ability to be registered prior to contract award per Section 10164 or 20103.5 of the California Business and Professions Code. *“A contractor and any subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the California Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the California Business and Professions Code or by Section 10164 or 20103.5 of the California Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.* Information about registration can be found on the Department of Industrial Relations website at

<http://www.dir.ca.gov/public-works/publicworks.html>

A bid will not be considered nor any contract or subcontract entered into without proof of the contractor and subcontractor’s current registration to perform public work as defined in the Section of the California Public Contract Code stated above.

FEDERAL REQUIREMENTS

As this project involves Federal funding assistance, Federal Labor Standards, including Davis-Bacon Act requirements, apply and will be enforced. If Federal and State wage rates differ, then the higher of the two will prevail.

The City of Santa Ana has secured a loan with the Clean Water State Revolving Fund (CWSRF) Program and/or Drinking Water State Revolving Fund (DWSRF) Program. Appendix N contains the CWSRF and/or DWSRF program requirements. The Contractor shall adhere to all of the program requirements specified within Appendix N.
