An Equal Opportunity Employer

Is requesting quotations from all qualified **DBE** Sub-contractors and Material suppliers performing commercially useful functions for the following project:

Project Owner: Port of Long Beach - Project No.: HD-S3134

Pier B On-Dock Rail Support Facility – East Expansion

Location: Long Beach, CA

General work description: Demolition and removal of existing rail tracks, crossovers, pavement, curb and gutter, and sidewalk, utilities, foundations, signs, and fencing; Modification and removal of the existing 9th

Street grade crossing, including traffic signal and cabinet, railroad signalization and appurtenance;

construction of new retaining wall adjacent to SR-710 freeway, including king-pile and ground anchors;

earthwork and grading of the site, including soil handling, testing and disposal; installation of miscellaneous supporting utilities such as storm drain, track underdrains; construction of asphalt paving, aggregate base

and pavement patching; construction of signage, fencing and gates; traffic control when applicable for

construction phasing and wall construction; removal and reinstallation of freeway sign structures, including

construction of new Cast-in-Drilled-Hole(CIDH) pile foundations; and removal and reinstallation of CCTV camera pole and appurtenances.
