

**Please return a written verification accepting or declining to bid this project in order to stop receiving follow-up calls from Filanc regarding this job.**

Hello,

Filanc, an equal opportunity employer, is requesting quotes from all qualified SLBE and ELBE sub-contractors and suppliers for the following project:

**Project Name:** Pump Station 1 Improvements and Modernization

**Bid No.:** K-24-2220-DB2-3-C

**Bid Due Date:** July 10, 2024 2:00PM (PST)

**Owner:** City of San Diego

**Estimated Bid Value:** \$57,800,000

**Location of Work:** 3550 East Harbor Drive, San Diego, CA 92101

**Scope of Services:** This is the City solicitation process to acquire Design-Build services for a Design-Build project to upgrade the mechanical screens, rehabilitate wet wells #1 and #2, rehab/replace all six (6) pumps and rotating assemblies; replace the motors to work with the associated VFD's, replace the existing motor starters and liquid rheostats with variable frequency drives (VFD), replacement of all suction pipes, replacement of the six (6) 48" suction gate valves, replacement of the six (6) 36" discharge gate valves, replacement of the existing 30" cone valve system, removal of the existing venturi flow meters and replacement with new modern flow meters on new discharge piping.

**Additional work consists of:** A complete headwork facility with an influent structure, motorized sluice gates, Parkson Aquaguard traveling screens, serpentine conveyors, screening hopper, and bin. The screen facilitates will be designed for the removal of rags and debris that may cause wear and harm to the downstream pumps.

Two forced draft cooling towers to allow cooling of the liquid rheostats for controlling the pump's speed.

An odor control system with horizontal mist scrubber, exhaust stack, sodium hydroxide, sodium hypochlorite, and ferric chloride feed systems. The odor control system removes foul air from the influent structure and the screens room.

Plans and specifications are available at no cost to interested SLBE-ELBE firms and can be obtained by contacting Julia Masaitis at: [jmasaitis@filanc.com](mailto:jmasaitis@filanc.com) or 760-466-0569. Additionally, plans and specifications are available for viewing at our office, or may be obtained from the Owner. Portions may be emailed upon request.

**Quotes for Services and Supplies requested for the following items for bid including, but not limited to:** SWPPP, Survey, Painting and Coatings, Select Demolition, Scaffolding, Bypass Pumping, Rolling Entry Gates, Bridge Crane, Temporary Offices, Temporary Toilets, Traffic Control, Electrical & Instrumentation, Fabricated Steel Pipe, Process Cone Valves, Process Gate Valves, Process Pumps, Bypass Pumping, Miscellaneous Structural Steel.

**NAICS included:** 524126, 541330, 237110, 221320, 236220, 237310, 541370, 238210, 238320, 238390, 331210, 332911

Filanc intends to seriously negotiate with qualified firms for project participation. Filanc is willing to break items of work into smaller increments to assist SLBE and ELBE subcontractors and suppliers in obtaining work on this contract. 100% Performance and Payment bonds required. Subcontractors must possess a current contractor's license. Please contact us for details. Filanc can provide assistance to SLBE-ELBE subcontractors in obtaining necessary equipment, supplies, or materials. Filanc can provide assistance for SLBE-ELBE firms in obtaining bonding, lines of credit or insurance.

Please send bids to [bids@filanc.com](mailto:bids@filanc.com) or via fax at 760-941-3969. Filanc requests that any quotes sent as email attachment documents (i.e. Microsoft Word, Microsoft Excel, PDF) related to the bid be labeled according to the project name.

**Thank you,**

**JULIA MASAITIS**
